

## Who were the greatest builders? - Summer 2 Year 4

### History

Most Ancient Egyptian pyramids were built as tombs for pharaohs (rulers of Ancient Egypt) and their families. Over 130 pyramids have been discovered in Egypt.

The Romans didn't spend all their time fighting in battles— they were amazing architects and engineers too! They built roads, flushing toilets, aqueducts and bath houses, which are things we now take for granted.

The Maya were a civilisation who lived in modern-day Mexico, Guatemala, Belize, Honduras and El Salvador. The Maya civilisation lasted from around 1000 BC to AD 1697. The Maya people are remembered for amazing creations, like their spectacular buildings.
